

# Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

## Safe and Inclusive School Plan Ensuring Positive Learning Environments

This year we are focusing on building healthy relationships and conflict resolution skills.

We are doing this to create a positive and safe climate where all feel heard, valued and welcome.

**Throughout the year, we will be:**

1. Providing professional learning opportunities for staff.
2. Engaging with our community partners and families/guardians about fostering healthy relationships and conflict resolution skills.
3. Celebrating positive acts that build healthy relationships within the school community and beyond.

**Community/Home Connections**

Ask your child about one positive act of kindness they experienced throughout the day: *Did they show kindness? Were they shown kindness? Did they see an act of kindness?*

Encourage your child/children to think about their actions and how their actions may affect themselves and others.

Check out this resource [Restorative Practices](#) about promoting positive behaviours.
